

# PROGRAMME'S LAUNCH HIGHLIGHTS

are some students who benefit from the Programme of Advancement through Health and Education (PATHE) but this does not cover all who need this support and on every

school day.

We wanted to ensure that every child with the need, has a proper meal to start the day."

The programme is run through the Guidance and Counselling Department which selects the beneficiaries and

coordinates the initiative.

Local partners Goddart Catering provides nutritionally sound, hot and tasty meals with a variable menu.

Here are some highlights captured by the Western Mirror's Volney Barrett.

Ge'Don Gray, accompanied by other members of the school band, performs the piece 'Reach' on saxophone.

Head Boy Tahir Thompson delivers the Vote of Thanks.

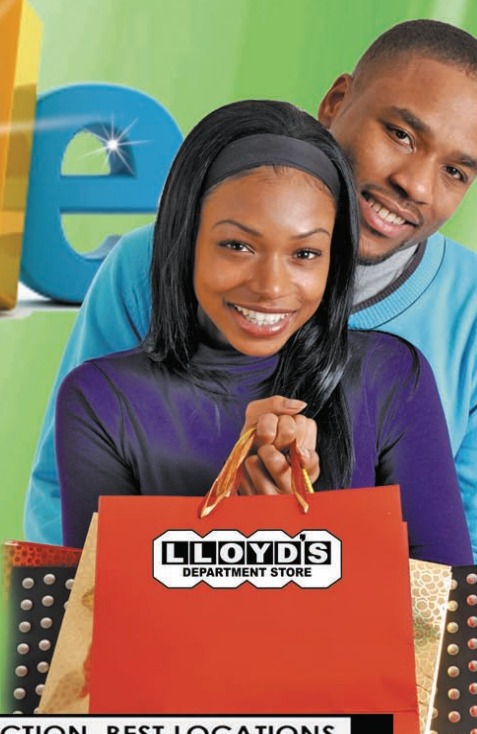

The school choir, under the direction of Mr. Jaime Hutchinson, performs 'Hear my Prayer' at the launch.
